## **DETAILED ACTION**

### ***Contact***

Because of the nature of this office action, Applicant's representative and Applicant are reminded that they may call the examiner (David Jung) at their convenience.

### ***Response to Arguments***

The amendments and arguments from Applicant have been carefully considered.

Nevertheless, a new consideration (restriction which was born in light of the arguments presented in the outstanding amendment) has become relevant.

### ***Election/Restrictions***

Newly submitted claims are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the newly presented claims are all directed to handwritten signatures, now requiring a search and classification into class 706 (pattern recognition and knowledgebase).

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Conclusion

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
